## Emergency Mortgage Assistance Fund

Homewise is a nonprofit organization based in New Mexico with a mission to help create successful homeowners and strengthen neighborhoods so that individuals and families can improve their long-term financial wellbeing and quality of life.

We have created an Emergency Mortgage Assistance Fund during this COVID-19 public health crisis to help individuals and families that are most vulnerable in our community that do not qualify for unemployment or government assistance. If you own your home and are self-employed, work a non-traditional job, or are an immigrant without a Social Security number we may be able to help. The Emergency Mortgage Assistance Fund can help relieve the burden for individuals and can pay up to 1 month of a mortgage payment.

Homewise knows how critical it is for individuals and families not to lose their homes to foreclosure and are here to help. If you are having trouble paying your mortgage and do not qualify for assistance during this time, contact a Homewise representative at 505.983. 9473 for assistance.
